Essex Association of Change Ringers

Dear Steve,

I have had a discussion with Bishop John Gladwin regarding the complication that exists between the Diocese and the Essex Association of Change Ringers Child Protection Policies.

We wish to work with your Association to safeguard children, young people and adults. We realise that asking every adult in every tower to be CRB cleared is unmanageable and not practical as there is so much movement between all the towers in Essex.

We suggest that you agree to the following:

- Tower Captains will be CRB cleared
- all tutors will be CRB cleared
- one other adult will be CRB cleared (in each tower) in the event of the Tower Captain not being present
- there must always be a minimum of 2 adults present in a tower
- any child protection concerns – the Diocesan Child Protection Advisor will be informed as a parish connection may arise

We hope you will find the above acceptable and that we can continue to work together.

Yours sincerely,

The Revd Jean D. Halliday
Diocesan Child Protection Advisor
